**Tim Kornegay**  
**Senior Security Specialist**  
tkornegay@premiercorp-usa.com  
(281) 857-7153

Mr. Kornegay recently joined Premier Environmental Services, Inc. as a Senior Consultant and brings with him extensive experience in the field of Security Solutions. His experience includes: Security Vulnerability and Threat Assessments (SVA), Mitigation Strategy development, Physical Security Consulting, Security Master Planning, Advanced Integrated Systems Design, Engineering, Project Management and Coordination, Construction Management, and Integration. In addition, Mr. Kornegay is well versed in new Chemical Security Regulations (CFATS), and has the experience necessary to assist clients from SVA to project closeout.

**Steven T. Falkner**  
**Senior Project Manager**  
sfalkner@premiercorp-usa.com

**Expertise:** Mr. Falkner has extensive experience in security plans, training, and exercises. Among other things, he served as President of a homeland security consulting company (Maritime Security Services, LLC) and was seconded to the United States Coast Guard to review onshore and offshore facility security plans.

**Jesse Maruschak**  
**Senior Project Manager**  
jmaruschak@premiercorp-usa.com

**Expertise:** Mr. Maruschak has managed over seventy-five Chemical Facility Anti-Terrorism Standards (CFATS) projects. Activities included Top-Screen Surveys and Security Vulnerability Assessments (SVA) using the Department of Homeland Security's (DHS) Chemical Security Assessment Tool (CSAT). Mr. Maruschak has also co-authored a security assessment involving an Oil & Gas client whose asset was spread out over 750 square miles in the Rocky Mountain Region.
